ABOUT WOMEN'S LEADERSHIP COUNCIL

The Women's Leadership Council recognizes women are change agents. Their participation in addressing key social issues is critical to improving lives and enhancing philanthropy to impact other changing needs in our community.

We utilize our various talents to bring about change that leads to measurable improvements in our community. We bring others, like us, together to not only determine the needs of our neighbors but those who have the passion, drive and leadership ability to get what needs to be done – **done**.

OUR VISION

To build a strong network of women leaders who work towards a common goal of enriching the lives of women through active community involvement, philanthropy and personal leadership.
